### Academic Progress

All Harrovians are on a learning journey during their time with us. At Harrow Bangkok we encourage students to take risks in their learning as this allows us to address any misunderstandings and build better, more robust learners. It is essential therefore, to note that assessment results are only snapshots of your child's academic progress. We expect all our students to learn from their mistakes and strive to maintain or exceed their Projected Grades.

### Projected Grades

Projected Grades indicate the attainment grades students are on track to achieve at the end of the Year 8. They are produced by teachers and are based on class work, homework and internal assessments, which are moderated and standardised for consistency. An explanation of the Projected Grades can be found on page 3 of this report. The Term 3 grade will be a Final Grade for the year.
